

Recycling Market Development Zone Tax Credit

A taxpayer may not claim this credit or carry it forward into a year the taxpayer has claimed the targeted business income tax credit or the enterprise zone tax credit.

The Governor's Office of Economic Development must sign and certify if you are seeking credit for machinery or equipment. See the reverse side of this form for detailed instructions.

Do not send this form with your return. Keep this form and all related documents with your records. You must complete a new Part D each year you claim a carryforward credit.

A taxpayer may not claim this credit or carry it forward into a year that the taxpayer has claimed the targeted business tax credit or the enterprise zone credit.

Utah Code §59-7-610 and §59-7-1007 allows a nonrefundable tax credit against individual income tax, corporate franchise or income tax, or fiduciary tax if operating in a recycling market development zone, as defined in Utah Code Section 63M-38f-1102. The credit consists of: (a) 5 percent of the purchase price paid during the taxable year for machinery and equipment used directly in commercial composting, or manufacturing facilities or plant units that manufacture recycled items or reduce or reuse postconsumer waste material; and (b) 20 percent of net expenditures, up to a maximum credit of \$2,000 to third parties for rent, wages, supplies, tools, test inventory, and utilities made by the taxpayer for establishing and operating recycling or composting technology in Utah.

PART A

Enter name and address information of taxpayer. PART A must be signed by the Department of Community and Economic Development authorizing this credit.

PART B

List any machinery or equipment purchased and used directly in commercial composting or in manufacturing facilities or plant units that manufacture, process, compound or produce recycled items for sale or reduce or reuse post consumer waste material, and enter the purchase price. Add all purchases and multiply the total purchases by .05. This is the credit for machinery and equipment.

PART C

List expenditures for rent, wages, supplies, tools, test inventory, and utilities and the amount of the expenditure in the appropriate column. Total all expenditures listed in PART C and multiply the total by .20 (20%). If the amount is greater than \$2,000, only enter \$2,000.

PART D

Add together the "**Total credit allowed**" from PARTS B and C. Multiply the amount of your Utah income tax by .40 (40%). Non or part-year residents must use the apportioned Utah tax. Your Recycling Market Development Zone Tax Credit is the smaller of line 1 or line 2.

PART E

Taxpayers may carry forward for three years any of the unused total credit allowed in PART D, line 3, that is attributable to purchases of qualified machinery and equipment under PART B. Indicate the amounts you are carrying forward, along with the appropriate years, on lines 1 through 3 of PART E.

Carryforward recycling market development zone credits shall be applied against Utah individual income tax, corporate franchise or income tax or fiduciary tax due before the application of any recycling market development zone tax credits earned in the current year and on a first-earned, first-used basis.

Do not send this form with your return. Keep this form and all related documents with your records. You must complete a new form each year you claim a carryforward credit.
